

## ExTerra: Evolution of arc crust

Kimpton Hotel Monaco | 700 F Street NW, Washington, DC 20004 | Athens Room  
Sunday December 9, 2018, 8:00 AM – 12:30 PM

### Conveners

Stacia Gordon (University of Nevada-Reno) and Alicia Cruz-Urbe (University of Maine)

---

### Agenda

**8-8:45 AM** | Social Hour (Coffee, pastries, registration)

**8:45-9** | Welcome & Introduction (*GeoPRISMS Office Chair Demian Saffer and Mini-Workshop Conveners Stacia Gordon and Alicia Cruz-Urbe*)

**9-9:45** | Keynote (*Oliver Jagoutz*) (30 minute talk, 15 minutes for questions/discussion)

**9:45-10:45** | Breakout discussions (4 groups)

What are the outstanding questions that can be addressed?

- How can we better integrate field studies with experimental and modeling approaches?
- What data and meta-data do we need to collect and store?
- How can we make data and samples accessible to all?

**10:45-11** | Coffee break

**11-12** | Group reports/group discussion

**12-12:15** | Wrap Up
